

COVID-19 Vaccines for Frontline Professionals not in General Practice

We can not prioritise COVID-19 vaccines for frontline staff who are not in General Practice. We ask that you refer back to your employer or professional representative body for more information on the rollout of COVID-19 vaccines for frontline staff in your profession.

If you have any queries, please contact Nottinghamshire LMC by email at office@nottslmc.co.uk or call 0115 977 1341.

Nottinghamshire 
Local Medical Committee

This poster was produced by Nottinghamshire Local Medical Committee - the body which represents and supports GPs in Nottinghamshire.
